

# 5 Days to a Better School Year

## Day 3

What is a teaching responsibility that bugged you all year long because you knew you should be doing a better job?

Examples: parent communication, integrating technology, etc.

---

Why do you want to improve this next year?

---

---

Spend some time researching how other teachers have managed their time and improved this aspect of teaching. Think about what kept you from doing a better job this year and come up with solutions to that problem.

Brainstorm below.

---

---

---

---

Choose a solution to try next year. Simple and sustainable is usually best. How will you manage your time better this upcoming year? What can you do now so that you save time later? Do you need to make any changes to your classroom organization set up?
